Subject: Mining 101 Planning Session for Dillingham & Iliamna
Mining 101 Topics.doc

Good Afternoon!

I wanted to thank all of you who participated in our brief but very informative discussion yesterday regarding the Mining 101 session being planned for Dillingham and Iliamna. EPA has funding to bring a Mining Information session to Dillingham and Iliamna this year, and we would like to work with you in planning this session. Many of the Bristol Bay and Lake Iliamna Tribal Environmental Professionals have had many trainings regarding mining and EPA wants to make sure that the sessions being planned for Dillingham and Iliamna are meaningful to the tribal governments. This session will also be open to other tribal leaders and interested community members.

As promised I have set up a teleconference call for March 23rd @ 2PM Alaska Time so we can discuss timing and specifics about the agenda for the information sessions. I was also asked to send a list of dates that would work for the Agencies and as soon as I have this I will send it along.

The Mining Information Session is a coordinated training put on by EPA, Alaska Department of Natural Resources and the US Army Corps of Engineers.
As requested the list of topics covered in the mining information session is attached below.

The teleconference line is [REDACTED] code [REDACTED]

I look forward to planning this session with you.

Sincerely,
Tami
